Portfolio: nandhanarajendran.netlify.app

Summary

Computer Science undergraduate passionate about programming and software development. Familiar with data structures, web development, and problem solving. Interested in learning new technologies and building real-world projects through internships and hands-on experience.

Education

Bachelor of Technology in Computer Science

APJ Abdul Kalam Technological University

CGPA: 7.22 / 10.0

Technical Skills

Programming Languages: Java, C, JavaScript

Frontend: React, HTML, CSS

Backend: Node.js, Express.js, REST APIs, Authentication

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code

Projects

Fee Management System

MongoDB, Express.js, React, Node.js

- Contributed to the development of a full-stack fee management system, a web platform for students and campus departments
- Designed and implemented RESTful APIs using Node.js with JWT-based authentication and role-based access control for students and administrators
- Built responsive React-based frontend integrated with backend APIs, enabling real-time fee tracking and payment workflows

Axon – Web based AI-Powered Personal Tutor

HTML, CSS, JavaScript

- Developed a frontend prototype of an AI-powered learning platform focused on personalized learning and skill development
- Built responsive and interactive user interfaces using HTML, CSS, and JavaScript
- Integrated a chatbot using Chatbase to provide interactive learning assistance
- Added curated learning resources including articles and videos for guided learning
- Implemented interactive UI components and user-friendly frontend features using JavaScript
- Contributed to the overall UI/UX design and frontend development as part of a team project

Certifications

- NPTEL – Design and Analysis of Algorithms
- NPTEL – Python for Data Science

Problem Solving

- Solved 50+ algorithmic problems on LeetCode

Leadership & Volunteering

- DSA IG Lead at μ Learn IDK student tech community, organized technical learning sessions on data structures and algorithms
- Technical coordinator at ISTE GECI

Achievements

- Secured 2nd Runner-Up among 15+ teams in an inter-college hackathon for developing a web-based AI tutor platform.
